Your Excellency,

I am writing regarding the case of Ghanaian investigative journalist **Ahmed Hussein-Suale Divela** who was killed on 16 January 2019 by two unnamed gunmen on a motorbike in Madina, a suburb of Accra. **Divela** had just completed work on "Number 12", a June 2018 investigative report on corruption in African football which resulted in the resignation and banning of the former head of the Ghana Football Association and FIFA Council member Kwesi Nyantakyi as well as bans for of at least 53 football officials and 8 referees in several countries.

Prior to his assassination, **Divela** had received countless death threats following the "football story", including from Hon. Kennedy Agyapong, a member of parliament from the ruling New Patriotic Party.

There have been no updates in the murder investigation and no one has been brought to justice yet. I therefore urge you to end the impunity by thoroughly and effectively investigating the murder of **Ahmed Divela** and bringing to justice the suspected perpetrators.

Yours sincerely,
